RE: COO426122

Dear Mr. Gibson:

I have just received your letter dated November 2, 2006 concerning the failure to file a quarterly report. This is my first experience as a federal treasurer, and I was apparently given the wrong information. I had thought my first report was not due until December 7. The PAC was formed this past August.

I enclose the report, which covers the period through September 30. I will file the post election report timely later this week. I apologize for the lateness and would request that no fine be imposed since this is our first time with these regulations, or that a minimal fine be imposed. Note that correspondence should be addressed to me at the captioned address, not to the Baltimore post office box. Thank you.

Sincerely,

Thomas A. Gentile
